Put your brand in front of Guinea's English learners

Al-Falah GlobalAI is a free English-learning app for beginners in Guinea, in French, Pular, Susu and Maninka. It works on any phone, even offline, and learners return every day for their streak.

WHY SPONSOR

A moment of success

Your message appears on the lesson-complete screen, right after a learner finishes a lesson and feels proud. Attention is at its highest.

Always on their phone

The app installs on the home screen and works without internet, so your brand stays with the learner, not just in a feed.

Reporting you can trust

Our own analytics show you impressions, unique learners and taps each month. No guesswork, no inflated numbers.

PACKAGES

Lesson Sponsor

$25 / month

Your card on the lesson-complete screen, rotating with other sponsors.

Unit Sponsor

$60 / month

Everything above, plus "Presented by" on a unit of your choice (e.g. "At the Market", "Phone & Mobile Money").

Launch Partner

$120 / month

Exclusive top placement across all lessons, mention on our website page and a thank-you in our launch posts.

Founding-partner rates, locked for your first 6 months. Payable in GNF by Orange Money at the day's rate.

HOW IT WORKS

1. Choose a package and tell us your message.
2. Send your logo and link. We design the card for you.
3. Go live in a few days. You get a monthly report.

> We are in beta. We do not promise a specific audience size: you see the real numbers every month, and you can pause at any time.
